Senator the Hon. Bridget McKenzie,  
Minister for Regional Communications  
Dear Minister,

You are invited to join Telstra's Chief Executive Officer Andrew Penn and guests to celebrate the official launch of the 100th WA and 300th national mobile base station under the Australian Government's Mobile Black Spot Programme at Wellington Mill, Western Australia on Tuesday, 23rd January commencing at 10:00am.

Should you be able to attend, we would request that you deliver a brief speech on the programme. As you know, the Mobile Black Spot Programme is a co-funded initiative with Telstra, the Australia Government and the State Government's Regional Telecommunications Project.

This event celebrates the delivery of three mobile base stations within the Shires of Dardanup and Donnybrook-Balingup, located in Lowden, Ferguson Valley and Wellington Mill. These sites are among the 429 locations awarded in Round 1 of the Mobile Black Spot Programme, located across regional and rural Australia and now benefitting from expanded 3G/4G Telstra mobile coverage.

The launch will be an opportunity to celebrate the new and improved coverage and the successful partnership between Telstra, the Australian Government and State Government. Please do not hesitate to contact our WA Corporate Affairs Manager Trevor Robb (M: 0408 905 113) if you need any further information.

Are you both free tomorrow to catch up at 10.00 am? If so, we can pop up to say hello and have a chat about the sorts of opportunities the Minister is interested in for regional communications and anything else we can assist with at this stage.

Kind regards
